# 1. Introduction

---

General Sir John Kotelawala Defence University (hereinafter referred as to KDU) was initially established as the “General Sir John Kotelawala Defence Academy” by the Parliamentary Act No 68 of 1981 and subsequently it was elevated to university status by the amendment Act No 27 of 1988, thereby empowering it to award Bachelors’ and Postgraduate degrees in Defence Studies. KDU is a member of the Association of Commonwealth Universities (United Kingdom) and maintains necessary standards for educating and grooming Officer Cadets to meet the challenges of modern defence management. KDU is now open for civil students who wish to continue their higher studies in various disciplines.

The teaching and learning policy of KDU provides guidance to all staff of the university on implementation teaching and learning processes of the university in line with the vision and mission of the University. The policy will create a teaching and learning context where the developments in teaching and learning pedagogy will be incorporated so that students of KDU will live, work, and contribute to the society effectively. The University will provide high quality and relevant academic programs that are based on innovative pedagogical processes and the application of modern and appropriate technologies. The policy will make the university committed and bounded to provide strategic priority for teaching and learning processes, and the resources required in such that high quality academic programs are continuously provided.

## 2. Scope

---

This policy is applicable to the teaching and learning processes of all study programs at all levels of the KDU. Further, this policy covers the teaching, learning, assessment, and professional development activities involved with study programs. The teaching and learning processes of all affiliated institutes of KDU is governed by the conditions laid down by the policy.

## 3. Aims and Objectives of the Policy

---

### 3.1 Aim

The policy on Teaching and Learning aims to maintain and improve the quality teaching and learning process of KDU so that the program outcomes and subject specific learning outcomes are satisfactorily achieved.

### 3.2 Objectives

The objectives of this policy are

1. Ensuring the relevance of teaching and learning so that students are prepared for life, work and citizenship

2. Making teaching and learning at KDU a positive, rewarding and satisfying experience for students
3. Adopting educational changes and developments so that teaching learning process is UpToDate.
4. Assessing and improving quality of teaching learning process
5. Directing and supporting the enhancement of teaching learning excellence
6. Promoting studentship in teaching and learning
7. Recognition and rewarding for excellence in teaching and learning
8. Improving the national and international recognition for teaching and learning
9. Contributing effectively for achieving vision, mission, and goals of the University

## 4. Principles and Values

---

**Innovation:** Teaching learning process should be creative, diverse and flexible for incorporating modern and appropriate technologies.

**Learner-Centeredness:** Teaching and learning process is based on learning partners requirements, styles, and pace of learning, and focus on the achievement of learners' outcomes.

**Lifelong learning:** Teaching and Learning process should create active and independent learners to acquire skills and attitudes for being lifelong learners.

**Equity:** Teaching and Learning should promote equal opportunities for students irrespective of their background and not discriminate on the grounds of ethnicity, religion, gender and other social grounds.

**Diversity:** teaching and learning process should embrace the diversity of learners and welcome the diverse views, ideas, and behaviors.

**Academic Freedom:** teaching and learning process should promote free and critical thinking of learning partners while accepting diversity of beliefs and ideologies.

**Corporation:** teaching and learning process should enhance the corporation between teachers and students through interactive teaching and learning bonded with teaching learning purposes.

**Academic Progression:** Teaching and learning process should be coherent and cohesive with the program structure, enable students to make informed choices and decisions.

**Quality:** Teaching and learning process should be quality concerned through scholarship, research, continuous professional development, and sharing good practices.

## 5. Policy Statement

The teaching and learning process of KDU provides opportunities and resources for students to prepare themselves for life, work, and world so that they will be able to contribute to economic and social development, adapt to change, and provide leadership, and exhibit citizenship behavior.

## 6. Definitions

(a) **Teaching and Learning:** Teaching can be defined as engagement with learners to enable their understanding and application of knowledge, concepts, and processes. To teach is to engage students in learning; thus, teaching consists of getting students involved in the active construction of knowledge.

(b) **Programs of study** are course sequences that prepare students with the knowledge and skills necessary for success in their chosen career. These sequences embed relevant, real-world experiences and culminate in a postsecondary credential.

(c) **Assessment** is the process of gathering and discussing information from multiple and diverse sources in order to develop a deep understanding of what students know, understand, and can do with their knowledge as a result of their educational experiences; the process culminates when assessment results are used to improve subsequent learning.

(d) Professional development refers to the continued training and education of an individual in regard to his or her career. The goal of professional development is to keep you up to date on current trends as well as help you develop new skills for the purpose of advancement in the field.

## 7. Responsibility

The Deputy Vice Chancellor shall take the main responsibility of implementing this policy at KDU. However, the effective implementation of the policy requires a team where the Head of the Department, Dean of the Faculty, SAR of the Faculty, Director QAC, Director, SDC, and registrar are held responsible significantly. Facilitating divisions and units shall ensure appropriate and timely implementation of action to support the academic staff. The Board of Management (BOM) shall provide the adequate and appropriate resources such as classrooms, Library facilities, IT facilities, laboratories etc. promptly for the achievement of the goals of the teaching learning policy.

## 8. Implementation
